**Subject:** Dimock report status - what I know so far

Status of lab data still needed to complete WOs and the date it is due to Philly. But, of course, Cindy will need the data way before the Philly date so submit, as always, as soon as you can. Below are the dates analysts have given me that they are expecting to have their reports turned by...still need BNA and VOC, though.

1201013 - complete  
1201015 - complete  
1202001 - complete  
1202003 - TN, N2N3, O&G all expected by Mon, 5th  
1202004 - TN, N2N3, O&G all expected by Thurs, 8th / Anions and TP expected by Tues, 6th / BNA  
1202005 - TN, N2N3, O&G all expected by Wed, 14th / Anions and TP expected by Tues, 13th / Hg expected by Tues 6th / BNA, VOC

Week 1 -due to residents by 3/9 - already submitted (1201013)  
Week 2 -due to residents by 3/16 - already submitted (1201015 and 1202001)  
Week 3 -due to residents by 3/23 - 1202003 and 1202004  
Week 4 -due to residents by 3/30 - 1202005
